Government of Rajasthan

District Hanumangarh Sustainable development Goals (SDGs) Status Report 2024

**Economics and Statistics Department
District Statistics Office Hanumangarh
Rajasthan**

KANA RAM (IAS)
District Collector & Magistrate
Hanumangarh

Preface

The Sustainable Development Goals (SDGs) are a collection of 17 goals adopted by all Member States of the United Nations in 2015 to address global economic, social and environmental challenges and achieve a more sustainable future by 2030. The aim is to end poverty, protect the planet and ensure that all people enjoy peace and prosperity, now and in the future. On 1st January, 2016, the World officially started implementation of the 2030 Agenda for Sustainable Development which includes 17 Goals and 169 Targets.

The Government of Rajasthan is taking keen interest and prioritizing to align with the SDG framework, thereby prioritizing development actions and challenges of the State. The SDG framework shifts the focus from mere expenditure to measurement of larger outcomes.

In this endeavour our district has formulated the District Status Report under District Indicator Framework having 226 district level indicators, in consultation with all Departments. This should help our district in better monitoring of the achievement of Sustainable Development Goals and will collectively strengthen our State.

I am hopeful that this document will serve as a valuable tool to measure the performance of the district in key indicators. It will help to streamline and track Rajasthan's progress as we strive collectively in true spirit.

(KANA RAM)

I.A.S.

Chairperson

District Level SDGs

**Implementation & Monitoring
Committee, Hanumangarh**

Mr. Vinod Kumar Godara

Target 2.5: By 2020, maintain the genetic diversity of seeds, cultivated plants and farmed and domesticated animals and their related wild species, including through soundly managed and diversified seed and plant banks at the national, regional and international levels, and promote access to and fair and equitable sharing of benefits arising from the utilization of genetic resources and associated traditional knowledge, as internationally agreed.

Indicator not yet evolved

Target 2.a: Increase investment, including through enhanced international cooperation, in rural infrastructure, agricultural research and extension services, technology development and plant and livestock gene banks in order to enhance agricultural productive capacity in developing countries, in particular least developed countries.

Indicator not yet evolved

Target 2.b: Correct and prevent trade restrictions and distortions in world agricultural markets, including through the parallel elimination of all forms of agricultural export subsidies and all export measures with equivalent effect, in accordance with the mandate of the Doha Development Round.

Indicator not yet evolved

		2018	20	0
<i>Target 10.3: Ensure equal opportunity and reduce inequalities of outcome, including by eliminating discriminatory laws, policies and practices and promoting appropriate legislation, policies and action in this regard.</i>				
Indicator not yet evolved				
<i>Target 10.4: Adopt policies, especially fiscal, wage and social protection policies, and progressively achieve greater equality.</i>				
Indicator not yet evolved				
<i>Target 10.5: Improve the regulation and monitoring of global financial markets and institutions and strengthen the implementation of such regulations.</i>				
Indicator not yet evolved				
<i>Target 10.6: Ensure enhanced representation and voice for developing countries in decision-making in global international economic and financial institutions in order to deliver more effective, credible, accountable and legitimate institutions.</i>				
Indicator not yet evolved				
<i>Target 10.7: Facilitate orderly, safe, regular and responsible migration and mobility of people, including through the implementation of planned and well-managed migration policies.</i>				
Indicator not yet evolved				
<i>Target 10.a: Implement the principle of special and differential treatment for developing countries, in particular least developed countries, in accordance with World Trade Organization agreements</i>				
Indicator not yet evolved				
<i>Target 10.b: Encourage official development assistance and financial flows, including foreign direct investment, to states where the need is greatest, in particular least developed countries, African countries, small island developing States and landlocked developing countries, in accordance with their national plans and programmes.</i>				
Indicator not yet evolved				
<i>Target 10.c: By 2030, reduce to less than 3 per cent the transaction costs of migrant remittances and eliminate remittance corridors with costs higher than 5 per cent.</i>				
Indicator not yet evolved				

SDG 11

Sustainable Cities and Communities

Make cities and human settlements inclusive, safe, resilient and sustainable

Indicator No.	Detail	Periodicity	Data	
Goal 11: Make cities and human settlements inclusive, safe, resilient and sustainable				
<i>Target 11.1: By 2030, ensure access for all to adequate, safe and affordable housing and basic services and upgrade slums.</i>				
11.1.1	Proportion of Urban Population Living in Slums, informal Settlements or Inadequate Housing. Source:- https://secc.gov.in/ , Periodicity: Decade	2011	23.91	
<i>Target 11.2: By 2030, provide access to safe, affordable, accessible and sustainable transport systems for all, improving road safety, notably by expanding public transport, with special attention to the needs of those in vulnerable situations, women, children, persons with disabilities and older persons.</i>				
11.2.2	People killed/injured in road accidents (per 1,00,000 population)(similar to 3.6.1). Source:-Crime in Rajasthan, Periodicity: Annual		Death rate	Injured rate

<i>Target 12.6: Encourage companies, especially large and transnational companies, to adopt sustainable practices and to integrate sustainability information into their reporting cycle.</i>			
Indicator not yet evolved			
<i>Target 12.7: Promote public procurement practices that are sustainable, in accordance with national policies and priorities.</i>			
Indicator not yet evolved			
<i>Target 12.8: By 2030, ensure that people everywhere have the relevant information and awareness for sustainable development and lifestyles in harmony with nature.</i>			
Indicator not yet evolved			
<i>Target 12.a: Support developing countries to strengthen their scientific and technological capacity to move towards more sustainable patterns of consumption and production.</i>			
Indicator not yet evolved			
<i>Target 12.b: Develop and implement tools to monitor sustainable development impacts for sustainable tourism that creates jobs and promotes local culture and products.</i>			
Indicator not yet evolved			
<i>Target 12.c: Rationalize inefficient fossil-fuel subsidies that encourage wasteful consumption by removing market distortions, in accordance with national circumstances, including by restructuring taxation and phasing out those harmful subsidies, where they exist, to reflect their environmental impacts, taking fully into account the specific needs and conditions of developing countries and minimizing the possible adverse impacts on their development in a manner that protects the poor and the affected communities.</i>			
Indicator not yet evolved			

SDG 13

Climate Action

Take urgent action to combat climate change and its impacts

Indicator No.	Detail	Periodicity	Data
Goal 13: Take urgent action to combat climate change and its impacts			
<i>Target 13.1: Strengthen resilience and adaptive capacity to climate-related hazards and natural disasters in all countries.</i>			
13.1.2	Number of deaths, missing persons and directly affected persons attributed to disasters per 100,000 population (similar to Indicator 1.5.1 and 11.5.1). Source:-Disaster Management and Relief department, Periodicity: Annual		Number of total affected persons

<i>Target 14.5: By 2020, conserve at least 10 per cent of coastal and marine areas, consistent with national and international law and based on the best available scientific information.</i>			
Not Applicable			

Indicator No.	Detail	Periodicity	Data
	<p><i>Target 14.6: By 2020, prohibit certain forms of fisheries subsidies which contribute to overcapacity and overfishing, eliminate subsidies that contribute to illegal, unreported and unregulated fishing and refrain from introducing new such subsidies, recognizing that appropriate and effective special and differential treatment for developing and least developed countries should be an integral part of the World Trade Organization fisheries subsidies negotiation.</i></p>		
	Not Applicable		
	<p><i>Target 14.7: By 2030, increase the economic benefits to small island developing States and least developed countries from the sustainable use of marine resources, including through sustainable management of fisheries, aquaculture and tourism.</i></p>		
	Not Applicable		
	<p><i>Target 14.a: Increase scientific knowledge, develop research capacity and transfer marine technology, taking into account the Intergovernmental Oceanographic Commission Criteria and Guidelines on the Transfer of Marine Technology, in order to improve ocean health and to enhance the contribution of marine biodiversity to the development of developing countries, in particular small island developing States and least developed countries.</i></p>		
	Not Applicable		
	<p><i>Target 14.b: Provide access for small-scale artisanal fishers to marine resources and markets.</i></p>		
	Not Applicable		
	<p><i>Target 14.c: Enhance the conservation and sustainable use of oceans and their resources by implementing international law as reflected in the United Nations Convention on the Law of the Sea, which provides the legal framework for the conservation and sustainable use of oceans and their resources, as recalled in paragraph 158 of "The future we want"</i></p>		
	Not Applicable		

SDG 15

Life on Land

Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss

Indicator No.	Detail	Periodicity	Data
Goal 15: Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat edsertification, and halt and reverse land degradation and halt biodiversity loss			
<i>Target 15.1: By 2020, ensure the conservation, restoration and sustainable use of terrestrial and inland freshwater ecosystems and their services, in particular forests, wetlands, mountains and dry lands, in line with obligations under international agreement.</i>

SDG 17

Partnerships for the Goals

Strengthen the means of implementation and revitalize the
global partnership for sustainable development

Indicator No.	Detail	Periodicity	Data
Goal 17: Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development			
<i>Target 17.1: Strengthen domestic resource mobilization, including through international support to developing countries, to improve domestic capacity for tax and other revenue collection.</i>			
Indicator not yet evolved			
<i>Target 17.2: Developed countries to implement fully their official development assistance commitments, including the commitment by many developed countries to achieve the target of 0.7 per cent of gross national income for official development assistance (ODA/GNI) to developing countries and 0.15 to 0.20 per cent of ODA/GNI to least developed countries; ODA providers are encouraged to consider setting a target to provide at least 0.20 per cent of ODA/GNI to least developed countries.</i>			
Indicator not yet evolved			
<i>Target 17.3: Mobilize additional financial resources for developing countries from multiple sources.</i>			
Indicator not yet evolved			
<i>Target 17.4: Assist developing countries in attaining long-term debt sustainability through coordinated policies aimed at fostering debt financing, debt relief and debt restructuring, as appropriate, and address the external debt of highly indebted poor countries to reduce debt distress.</i>			
Indicator not yet evolved			
<i>Target 17.5: Adopt and implement investment promotion regimes for least developed countries.</i>			
Indicator not yet evolved			
<i>Target 17.6: Enhance North-South, South-South and triangular regional and international cooperation on and access to science, technology and innovation and enhance knowledge-sharing on mutually agreed terms, including through improved coordination among existing mechanisms, in particular at the United Nations level, and through a global technology facilitation mechanism.</i>			
Indicator not yet evolved			
<i>Target 17.7: Promote the development, transfer, dissemination and diffusion of environmentally sound technologies to developing countries on favourable terms, including on concessional and preferential terms, as mutually agreed.</i>			
Indicator not yet evolved			
<i>Target 17.8: Fully operationalize the technology bank and science, technology and innovation capacity-building mechanism for least developed countries by 2017 and enhance the use of enabling technology, in particular information and communications technology.</i>			
Indicator not yet evolved			
<i>Target 17.9: Enhance international support for implementing effective and targeted capacity-building in developing countries to support national plans to implement all the Sustainable Development Goals, including through North-South, South-South and triangular cooperation.</i>			
Indicator not yet evolved			
<i>Target 17.10: Promote a universal, rules-based, open, non-discriminatory and equitable multilateral trading system under the World Trade Organization, including through the conclusion of negotiations under its Doha Development Agenda.</i>			
Indicator not yet evolved			
<i>Target 17.11: Significantly increase the exports of developing countries, in particular with a view to doubling the least developed countries' share of global exports by 2020.</i>			
Indicator not yet evolved			

Indicator No.	Detail	Periodicity	Data	
Target 17.12: Realize timely implementation of duty-free and quota-free market access on a lasting basis for all least developed countries, consistent with World Trade Organization decisions, including by ensuring that preferential rules of origin applicable to imports from least developed countries are transparent and simple, and contribute to facilitating market access.				
Indicator not yet evolved				
Target 17.13: Enhance global macroeconomic stability, including through policy coordination and policy coherence.				
Indicator not yet evolved				
Target 17.14: Enhance policy coherence for sustainable development.				
Indicator not yet evolved				
Target 17.15: Respect each country's policy space and leadership to establish and implement policies for poverty eradication and sustainable development.				
Indicator not yet evolved				
Target 17.16: Enhance the Global Partnership for Sustainable Development, complemented by multi-stakeholder partnerships that mobilize and share knowledge, expertise, technology and financial resources, to support the achievement of the Sustainable Development Goals in all countries, in particular developing countries.				
17.16.1	District having a Monitoring Framework that supports the achievement of the sustainable development goals.		Yes	
Target 17.17: Encourage and promote effective public, public-private and civil society partnerships, building on the experience and resourcing strategies of partnerships.				
Indicator not yet evolved				
Target 17.18: By 2020, enhance capacity-building support to developing countries, including for least developed countries and small island developing States, to increase significantly the availability of high-quality, timely and reliable data disaggregated by income, gender, age, race, ethnicity, migratory status, disability, geographic location and other characteristics relevant in national contexts.				
Indicator not yet evolved				
Target 17.19: By 2030, build on existing initiatives to develop measurements of progress on sustainable development that complement gross domestic product, and support statistical capacity-building in developing countries.				
17.19.2	Percentage of Birth and death registration of district. Source:-DES, Periodicity: Annual		Birth	Death
